| OVE | RALL APPEARANCE AND VISUAL IMPACT (20 POINTS) | | | | |
| 1. | The quilt must hang square, opposing sides equal, unless the quilt is | | | | |
| | intentionally designed to hang otherwise. | | | | |
| 2. | The quilt must meet the definition of a quilt (a textile sandwich with | | | | |
| | exception of crazy quilts and some art quilts). | | | | |
| | The quilt must have no visible markings and must be clean. | | | | |
| | The quilt is visually appealing to the eye of the beholder. | | | | |
| | Design has unity, rhythm, movement and balance. | | | | |
| 6. | Use of color is compatible in overall design. | | | | |

| QUILT TOP CONSTRUCTION (20 POINTS) – BOTH PIECING | | | | |
| AND/OR APPLIQUE (section not used for whole cloth) | | | | |
| 1. Fabrics and thread must be compatible. | | | | |
| 2. Piecing must be precise (e.g. corners, seams, borders, edges, points, | | | | |
| sashing), secure and consistent to the design of the piece. | | | | |
| 3. Points and curves must be well executed according to design. | | | | |
| 4. Grain line, especially background fabric in applique blocks, must be | | | | |
| consistent to allow quilt to hang properly and ensure unaltered fabric | | | | |
| appearance, unless dictated by the artistic design. | | | | |
| 5. All forms of applique whether hand or machine done, fused or raw | | | | |
| edges, must have the stitches consistent (unless design dictates | | | | |
| variance) and secure throughout. | | | | |
| 6. Fabrics must not shadow through. | | | | |
| 7. Embellishments must be secure. | | | | |
| Techniques utilized in art quilts (painting, printing, manipulation, unusual | | | | |
| materials, etc.) should be well executed | | | | |
